FOUNDATION GRANTS ADD POWER TO YOUR PROJECT

Kiwanis International Foundation grants help clubs meet the needs of children. Sometimes those children are in your same Kiwanis district and sometimes in the opposite hemisphere. These grants help clubs reach the service-project goals that may otherwise be beyond their financial ability.

Does your club have a project that could use additional funding? Consider applying for a Kiwanis International Foundation grant. Applications are accepted year-round.

THE ELIMINATE PROJECT

On average \$1.80 can protect a mother and her future newborns from maternal/neonatal tetanus. How many moms and babies can your club save and protect? To help you get started, here's a fundraising idea:

Items you need:

(1) A bag of individually wrapped lifesavers, (2) safety pins and (3) thin ribbon with "It's a boy!" or "It's a girl!" printed on it.

Step 1: Pin the safety pin through the top of the lifesaver paper.

Step 2: Loop the ribbon and glue it on top of the lifesaver paper.

Your Builders Club can sell these pins for \$1.80, and the customer can pick the "It's a girl" or "It's a boy" pin to wear

MARCH OF DIMES:MARCH FOR BABIES

A baby's first steps are one of the most precious moments in life and the March of Dimes believes every baby deserves to take that first step. Take your own first steps by joining March for Babies and make sure more babies get that chance.

Join Builders Club and the Kiwanis International family in walking together for stronger, healthier babies. March for Babies is a

family-friendly event where the community comes together to raise money to support research, services, education and advocacy in the fight against prematurity, birth defects and infant mortality.

Advisors, find your local March for Babies event and register online at marchforbabies.org. Invite your Builders Club members, friends & family to join you – and you can raise money online, offline and as a team. Use our Student Guide for great ideas; and have fun! Thanks for your support of healthy babies.
