

# Heart to Serve

## My passion for serving the community

As a member of Builders Club, I have participated in service projects with my club, but I know that I can also continue service on my own. Answering these questions can help me identify what I care about (my passion) and how I can serve) those around me.

1. What service projects or causes have I enjoyed the most?

2. Are there any other service projects or causes that I would be interested in? How can I learn more about them?

3. What do I like to do? What am I good at?

4. How can I use my interests and talents to make a difference?

5. How can I get my family members involved in helping me serve the community?

6. Who do I know that might need my help? What is one way I can help this person?

7. What is one small thing I could do every day to make someone else's day better?

Make a plan. On the back, identify 3 things you can do to serve those around you and give back to your community on your own.
