

# Builders Club

Dear (Name),

While we work to establish a Builders Club at (SCHOOL NAME), we're pleased that you have been recommended to us as a potential faculty advisor. As a Builders Club faculty advisor, you would have a unique role — connecting students with their local and school communities and introducing them to the concept that anyone can be a community leader.

Builders Club is an international service organization that offers learning and leadership opportunities at a local level. Its connection to Kiwanis International and other Kiwanis youth programs also allows Builders Club members to collaborate with an inter-generational audience to achieve their goals. Each Builders Club is sponsored by a local Kiwanis club and has access to a suite of educational programs and resources provided through Kiwanis International.

As a faculty advisor, you would have the collaboration and support of a Kiwanis member serving as the Kiwanis advisor to the Builders Club. Kiwanis members are dedicated to serving the children of the world, and all receive background checks and regular youth protection training. They also adhere to the Kiwanis Youth Protection Guidelines at all Kiwanis and Builders Club events.

We are also happy to announce that Builders Club faculty advisors have access to Kiwanis family partner benefits! This means discounts on thousands of products from national brands, on group travel and at major retailers such as OfficeDepot/OfficeMax.

Studies show that service and volunteerism boost happiness. And they're a key ingredient in building character. Student leadership helps young people develop social-emotional skills, which are essential for success in adult life. We are committed to supporting and fostering a Builders Club at (SCHOOL NAME) to ensure its long-term success. We recognize that you

# Builders Club

have committed your life to serving the youth in our community — and we hope you will consider this unique opportunity to help students grow from the power to give back.

Yours in Service,

*(Include name of club president along with names and titles—if applicable—of all who may attend a meeting with the school administrator or of all who are members of the Kiwanis Club. Remember: There is strength in numbers!)*
